

Evidence—First Assignment as Posted on Blackboard under “Announcements”

The Syllabus is now posted here on the Blackboard. We will spend some time in class on Monday going through it. The Federal and Florida rules discussed in the Syllabus are also posted here on the Blackboard under "Course Library." I think the first two classes will be consumed by discussion of the Syllabus and coverage of segments I. and II. in the Reading Assignments set out in the Syllabus, to wit:

I. The Sources of the Codified Rules of Evidence: Federal and Florida

A. **Read:** *Note on the Federal Rules & the Florida Evidence Code* (BB).

II. Some Basic Procedural Issues.

A. **Read:** *Weir v. State* (BB)

Note that the (BB) designation means the document is found here on the Blackboard under "Course Library."

By Thursday's class we should be moving into: **III. “Relevance” as the Bedrock Requirement for Admissibility**, and the assigned readings thereunder.
